

TelstraClear Update

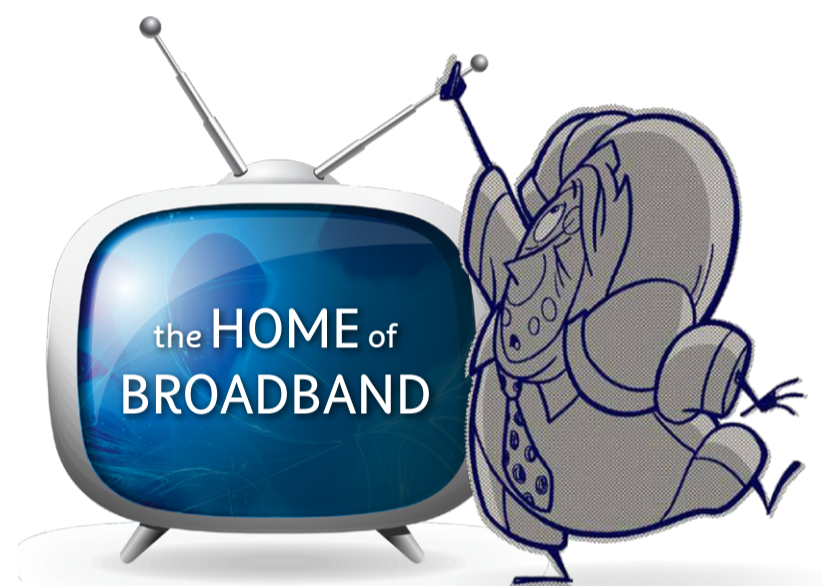

Home of Broadband

We have recently kicked off an exciting new TV campaign to talk to customers about why TelstraClear is “The Home of Broadband”.

You might remember our “Join the Journey” campaign last year. It’s a beautifully shot advertisement, giving everyone a tour of our network.

Well, characters TC and Bill are back in the studio to talk about “NetGuide”, the “1GB TopUp”, and “Unmetered Websites”. So keep any eye out for these Ads which are running through to the end of December!

Unmetered Websites

What does “Unmetered” mean?

Unmetered is online content that doesn’t count against your monthly usage charges. At the home of Broadband, TelstraClear, we offer a huge range of unmetered entertainment such as TV programmes, sport, radio and gaming to all of our broadband customers, without any impact to your monthly bill.

This increases our unmetered offer to: Trade Me, Clearnet Videos, Ziln, TV3, TV3 News, Four, The Edge, Mai FM, Four Kids, The Rock FM, Live Sport, NZ sport.co.nz, More FM, The Breeze, Solid Gold FM, Radio Live, George FM, Kiwi FM and Cudo plus the gaming servers on On3Network and our Steam content server.

As a TelstraClear Residential Broadband Customer you can have access to a variety of quality online content that won’t count towards your monthly data cap. We call it Unmetered.

New Broadband Usage Packs and 1GB Tops Ups

It's all about better value this month and we have just launched our new Broadband usage packs and the additional smaller usage packs. In most cases customers get double their usage for no extra charge, and they don't have to pay for another whole months pack, if they just have a couple of days left at the end of the month, but have used their data bundle. Top up 1GB at a time for \$2.

OLD USAGE	NEW USAGE	USAGE PRICES	ADDITIONAL USAGE PACK CHARGES
1GB	2GB	\$4	\$2 per 1GB
3GB	10GB	\$7	\$2 per 1GB
10GB	20GB	\$15	\$2 per 1GB
25GB	40GB	\$30	\$2 per 1GB
	60GB	\$40	\$2 per 1GB
	100GB	\$65	\$2 per 1GB
	150GB	\$100	\$2 per 1GB

Prepay Calling Cards

There have been lots of visitors in New Zealand for the Rugby World Cup and more arriving soon for the Summer and Christmas holidays. If you know of anyone needing to call home, visit <http://www.prepaidcards.co.nz> for more information.

Mobile Product Update

Doro 410

The Doro 410 - an easy to use mobile in a clamshell design making it the easiest way to answer and terminate a call.

With its large, separated buttons with white printing on black keys makes numbers and letters easier to read. Bigger buttons are also perfect for dialling or texting. The visibly large screen is great for writing text messages.

This is the phone that will put an end to your frustrations with its enhanced sound quality.

The Doro's features include vibrating ringer, Bluetooth, FM-radio, one-touch emergency dialing and SMS messages. An added benefit is that it has superior HAC capability.

The built in security alert can be used to send emergency text messages or calls at the push of a single button.
